ALASKA OF GEORGE TOWN is a 44-meter all-aluminum superyacht built by ShipWorks Brisbane, with naval architecture by the renowned Burness Corlett Three Quays. She seamlessly blends timeless design with long-range capability. Designed by Bernie Cohen, her profile and interior were well ahead of the time. With her impressive 457 GT, ALASKA OF GEORGE TOWN offers exceptional interior volume and stands out as one of the best value propositions on the market, at just over USD 15,000 per GT—a rare opportunity. Her spacious layout includes a main deck full-beam Owner's suite with private access to an on-deck terrace featuring a hot tub and a generous full-beam VIP stateroom plus two additional guest staterooms located on the lower deck. An extra fifth guest / staff single cabin is also thoughtfully positioned on the bridge deck, adding flexibility for family, staff, or charter use.
