VISION

Pedigree Meets Precision

Built by Benetti on their proven 60-metre custom platform, Vision embodies Italian yacht-building pedigree at its most refined. Delivered in 2011 and extensively refitted in 2021, she is offered in immaculate condition and ready for immediate enjoyment. Her elegant blue hull and bright superstructure make a striking statement on the water, while her ocean-crossing range and comprehensive amenities position her as the ultimate turnkey superyacht for global exploration.

Designed by Stefano Natucci with interiors by acclaimed Parisian designer Pierre-Yves Rochon, Vision is a rare 60-metre that balances grand volume with warm, residential intimacy, a seamless blend of style, comfort, and capability.

VISION

Expansive, Elevated, Effortlessly Elegant

Vision's exterior decks are meticulously crafted for all-day living and all-season enjoyment. Every level flows intuitively, offering a harmonious blend of open-air freedom and refined privacy.

The sundeck is a destination in itself: a multi-tiered space featuring a raised Jacuzzi, encircled by glass balustrades. Forward, a sun lounge with curved seating, and cocktail tables invites long afternoons, while aft, a full bar and dining area are ideal for evening gatherings. The shaded midsection, equipped with a sleek bar, AV system, nightclub setup, and cinema screen, is perfect for every time of the day.

On the upper deck aft, a chic lounge and dining area offers uninterrupted panoramas, perfect for hosting dinners at anchor. Meanwhile, the main deck aft offers a more intimate al fresco arrangement, ideal for relaxed family gatherings or pre-dinner drinks.

At water level, Vision's beach club delivers a true connection to the ocean. Framed in teak and shielded by hydraulic doors, this indoor-outdoor lounge offers direct access to the full toy garage; ensuring guests can transition effortlessly from espresso to full diving set-up.

VISION

A Floating Residence by Pierre-Yves Rochon

Vision's interiors are an orchestration of precision and poise. Designed by Pierre-Yves Rochon, the scheme layers rich, natural materials with refined artistry. The main salon showcases high-gloss Macassar ebony, Tanganyika fris , and mahogany flooring, complemented by silk carpets woven.

Throughout the foyers, dark marble underfoot is offset by sculpted columns inset with LED-lit Plexiglas and framed by walls of exotic ebony. Artistic interpretations of Greek mythology, including nods to the Sirens, add a lyrical dimension to the stairwell, inviting guests to ascend and descend through a space that is both theatrical and serene.

While the yacht is not currently equipped with a lift, the central lobby has been structurally prepared to allow for future installation, offering flexibility without compromising her design integrity. Meanwhile, the upper salon continues the design narrative in a more relaxed tone: mahogany flooring and sycamore joinery lend warmth, while the bar, finished in polished black stone, adds a sculptural focal point. Here, Vision reveals her modern soul; sophisticated, timeless, and utterly personal.

VISION

Comfort, Privacy, and Bespoke Fin- ishes

Vision hosts up to 12 guests across six cabins, with an emphasis on privacy and luxury.

Main Deck Master Suite: Full-beam, with a private office, a modular lounge area with a movable partition (ideal for meetings), and a his-and-hers en suite with a tub, shower, and dual walk-in wardrobes. **Upper Deck VIP Stateroom:** Features expansive windows and panoramic sea views. **Lower Deck Cabins:** Two double and two twin cabins, each with Pullman berths and en suite bathrooms, located forward of the engine room for maximum sound insulation and peace.

Crew accommodations include:

Four twin en suite cabins forward on the lower deck. Two additional cabins on the subdeck. Captain's cabin and private office located aft of the bridge. A spacious crew mess with lounge and dining areas.

YACHT EQUIPMENT

A True Long-Range Cruiser

Equipped with twin MTU 12V 4000 M60 engines, Vision cruises at 15 knots and boasts an exceptional transoceanic range of 8,340 nautical miles at 12.5 knots. Zero-speed stabilisers ensure comfort at anchor, while a modest draught of 3.1m enables access to shallow bays and coves globally. Her technical infrastructure reflects meticulous maintenance under the same captain since 2011.
